BETWEEN SKY & SEA

WHERE MAGIC
BRINGS DREAMS TO LIFE
AND INVITES YOU
TO REACH
FOR THE MOON.

A GARDEN TO EXPLORE, A STORY TO EXPERIENCE

For the festive season, the Enchanted Garden at Carlton Cannes takes on a whole new world of enchantment.

An immersive stroll through the garden and into the lobby reveals the love story “Between Sky & Sea”, brought fully to life in a production by artistic director Frédéric Fontan, presented on four dates in December.

Carlton Cannes becomes a place to discover, experience and enjoy the performing arts. Step through its doors to explore a garden; thrill in the beauty of a magnificent voice, or a soaring leap; and leave with the desire to reach for the moon.

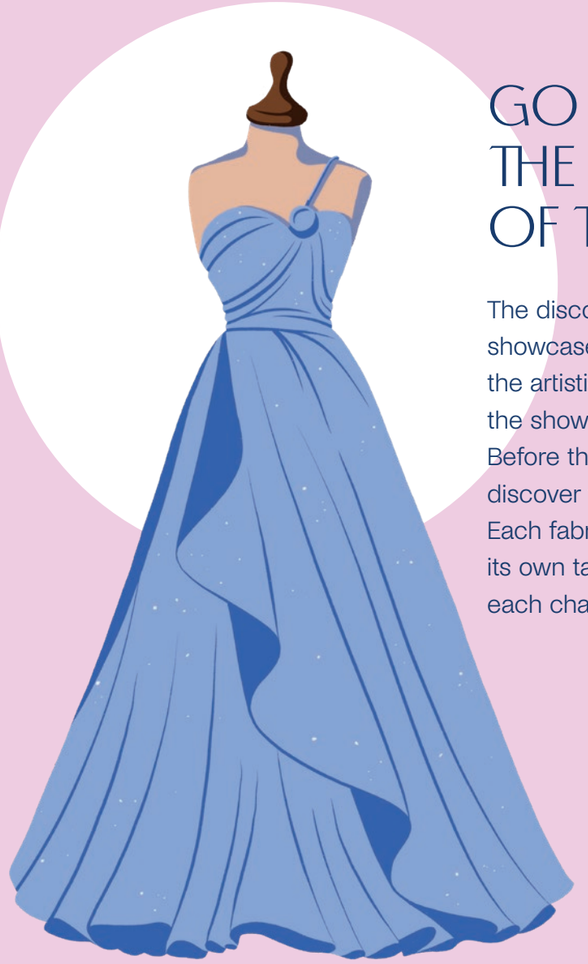
STEP INTO A MAGICAL WORLD

An illustrated stroll created by Paul Sirand leads you through the garden, where the scenery comes to life. Each encounter offers a glimpse of the magic that will awaken at nightfall.
At the heart of the circuit, a wishing tree by Djordje Varda shimmers with crystal-laden branches.
Light catches and dances across them, inviting guests to draw closer and make a wish.



GO BEHIND THE SCENES OF THE IMAGINATION

The discovery continues into the lobby. The exhibition showcases images, objects, and costumes that reveal the artistic vision and creative inspirations behind the show's universe.
Before the characters take to the stage, discover the details that brought them into being.
Each fabric, texture and embellishment tells its own tale, bringing each silhouette into focus, each character into view, and their shared story to life.

The show

BETWEEN SKY & SEA

A diva sings from her balcony.
Captivated by her voice, Carl, a young sailor,
vows to bring her the moon. In the Enchanted Garden,
dancers, a tightrope walker and an acrobat
bring his romantic quest to life.
From the highest reaches of the garden to the deepest
reflections in the pool, music and aerial artistry
surround the audience in a world of enchantment.
